Cleaning & Maintenance	Information regarding the cleaning & maintenance of this product can be requested if required.
Weathering	It should be appreciated that with all products weathering and site conditions can cause shade variation to appear across the surface of individual Slabs. This does not in any way affect the performance of the Slabs and any such variation will diminish over a period of time as the product ages.
Efflorescence	Any product that contains cement during its early life may exhibit a temporary white discolouration known as efflorescence. This is not a fault with the product and will gradually disappear with exposure to natural elements.
Product Evolution & Appearance	Castacrete reserve the right to amend the technical information as deemed necessary and in accordance with the relevant national and international standards without notice. The evolution of new product designs is continuous and information is subject to change without notice please be sure to check with your supplier regarding changes.
